

LIVINGSTON COUNTY PROPOSED 2026 BUDGET

**LIVINGSTON COUNTY
OFFICE OF COUNTY ADMINISTRATION**

Livingston County Government Center
6 Court Street, Room 302
Geneseo, New York 14454

(585) 243-7040
Fax (585) 243-7045

October 31, 2025

To the Livingston County Board of Supervisors:

I am pleased to present to the Board of Supervisors, and the residents of Livingston County, the tentative budget for Fiscal Year 2026. Included in this tentative budget submission are the required and supplemental documents to support the overall financial reports:

- Summary Document
- Expense and Revenue Estimates
- Assessment Report
- Fund Balance position statements
- Debt Schedule

Here are the particulars:

The 2026 budget contains an increase in both the tax rate (the formula applied to all property) and the tax levy (the resulting total outcome of this rate applied to all properties in the county). This calls for an override of the tax cap and separate local legislation. This has already been addressed with the Board of Supervisors at the September 24, 2025 regular meeting. There is a public hearing on this budget scheduled for November 19, 2025.

The proposed tax rate percentage impact is slated at 3.68% and the tax levy increase of 4.58%. The tentative budget calls for a tax rate of \$7.18/1,000. This means for every \$100,000 of assessed value, the property owner will pay ~\$718 in county property taxes to support the County's robust, full life-cycle, 24/7, award-winning services and programs. The tax cap levy maximum is 2.0%. Livingston County is slated to raise the total amount of collected taxes from \$33.8MM to approximately \$35.4 MM. The total all-funds budget is going from ~\$226MM to ~\$215MM. In initial review, it would appear that indeed the County's spending is going down across the board, and by a considerable margin. This also is due in large part by the one-time inclusion of major federal/state broadband grant awards that cycled through the last budget year, but were decreased for 2026.

The 2026 tentative budget represents a situation where we have a submission that increases the tax rate and also increases the tax levy. This is mainly due to the fiscal impacts associated with the operational, contractual and staffing effects of the County operations and workforce, coupled with some cost-shift increases in areas like retirement contributions, and large (~10%) increases in our health insurance costs in the County's self-insured medical plan. In addition, mandated cost-shares in social services increased significantly.

A small highlight to reference is the improved, on-paper, budget outlook for the LCCNR. First, I say *on-paper* because the budget is just a best-guess on expenses and revenues based on a formal forecast. A year ago, in 2025, I wrote this:

An important point to note - In 2026, barring any major changes, we will need to again budget a 50% tax levy contribution (in addition to the \$1.6MM, so making this number moving forward ~\$3.2-\$3.6MM) for the CNR. This will likely cause another tax cap override process and a levy increase of over 6%.

However, we have both altered the budgetary structure of the CNR as well as enacted a series of adjustments that, moving forward, are projected to stabilize the financial situation there. The projection for the combined, non-IGT tax levy contribution is ~\$1.4MM, down from ~\$3.2MM in 2025. While this is largely due to a more appropriate right-sizing of the expected IGT contribution to \$10.5MM, it also represents the inclusion of various cost containment, revenue enhancements and census improvement strategies that we expect will materialize further into next year.

Other major areas of impact include:

- Sheriff's Office total expenses across all divisions increasing ~\$1.5MM.
- The provision of new county support for FTE positions in Dispatch (911), EMS, Planning and a few other areas.
- The aforementioned across-the-board expense increase in NYSRS pension contributions.
- DSS impacts from Federal and NYS government programmatic, funding and cost-shift moves, to include impacts to:
 - HEAP
 - Child Care / Day Care
 - SNAP (service/Federal stoppage) plus administrative cost-shifts

Because of the \$0.25/1000 increase in the tax rate, a homeowner with a single-family home assessed at \$202,000 will see their county tax bill increase about \$50 under this plan:

$$\$202,000 \times \$6.94/1000 = \$1,400$$

$$\$202,000 \times \$7.18/1000 = \$1,452$$

Any assessed value changes will make this number go up or down, pending value. The Board of Supervisors has always been fair and transparent with respect to what is driving the cost of county government. We will also note that the county-wide revaluation process is looming as an Assessor action item for 2026, which will impact 2027 figures and forecasts.

Budget Landscape and Impact Areas

The 2026 budget is balanced and is compliant with the NYS property tax cap law insomuch as the County Board of Supervisors is, as was done last year, planning a separate public hearing to consider an override. The cap law is set with a "cap" (which is not a true

cap) of 2% and was created in an environment where and when this would have been an appropriate figure with inflationary and market trends at the time. Additional notes and further commentary as follows:

- The 2026 budget was challenging in that we commenced the process with a significant (~20%) increase in expected tax levy impact with the department head submissions and initial revenue estimates
- The budget was then balanced with a combination of, what I refer to as, haircut changes to expenses and also revenue enhancements.
- As we cut closer to the tight margins in areas, and/or get more aggressive with revenue estimates, the County will have to be mindful of the reliance on sales tax and the small, but manageable, property tax increases. With Federal and State fiscal realities, sustainment of this strategy may present a challenge.
- The usage of fund balance is lower than the 2025 allocation by about \$750,000. We are still applying some \$5.78MM across all the funds to balance the budget.
- Sales tax was budgeted as a growth area, and while static/decreasing in some quarters in 2025, I do expect a rebound to normal activity (2-3% growth/year) – especially with the inclusion moving forward of taxes for short-term lodging stays.
- Interest earnings is another highlight as the County can budget over \$3MM in earnings on our idle cash in reserves/fund balance.
- The social service and public safety expense impacts are sizeable, some due to staff-centric and personnel-heavy divisions and departments (and thus dealing with the applicable increases in wages, health care and pension) and some due to cost-shift increases in the local share.
- Medicaid remains a sizeable portion of our budget, and as a stand-alone cost center, represents around 27% of our entire tax levy.
- The County's Self-Insured Medical plan saw an increase for 2026 at 10%. Initially projections were nearly 20%, but we were able to offset some of this with insurance fund reserves, reducing the impact.
- The Risk Retention fund is now supporting the General Fund with a small allocation to support the expenses of the Compliance Officer and Compliance program.

Non-Profit Support

The County maintains its strong commitment to the local non-profit organizations that serve the LivCo community and that commitment is reflected in this tentative budget. Allocations include direct county local-share appropriations for our partners, such as: OWWL Library System; Council on the Arts; Chances and Changes; Humane Society; Hemlock Fair; Soil and Water Conservation District; and the Cornell Cooperative Extension, among many others. This is in addition to non-profit contractual relationships that exist within department budgets in areas like Social Services and the Department of Health.

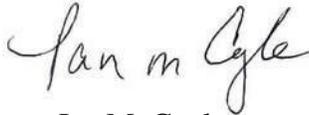

Capital Projects, Strategic Plan Alignment, and Reserves and Contingencies

The budget includes a \$950K contribution to the 5-year Capital Improvement Plan. I expect the County will also have, in the first quarter of 2026, a potential revenue stream from rollover balances from unspent allocations in 2025, which are often utilized for one-time capital needs. We also appropriate another \$1MM in Transfer to Reserves in the General Fund for these types of projects. You see the benefit of this methodical use of reserve allocations in our recent capital project activity. Rather than bonding, and paying interest expenses, the county is utilizing one-time transfer and rollover dollars, through the CIP, for the Government Center Roof, elevator modernization as well as security upgrades at the Livingston County jail. The County's net position is still one that is financially sound. There are appropriate reserves in place and a solid fund balance situation.

Looking Forward

This budget is fiscally sound, balanced and forward looking. I readily await its public inspection, review and eventual adoption.

Sincerely,

Ian M. Coyle
Management Consultant
