E-mail: [munderhill@co.livingston.ny.us](mailto:munderhill@co.livingston.ny.us)

# History & Mission

The Livingston County Environmental Management Council (EMC) is a formal citizens advisory group that was formed by the Livingston County Board of Supervisors in 1979. The EMC has an authorized membership of 20 members, and there were 14 members in 2019. The membership is comprised of representatives of agriculture, general citizenry, and industry-commerce. The EMC was established as a step to foster coordinated action on environmental issues among local governments and public and private organizations within the County. Its charge is to work cooperatively with the Board of Supervisors, local municipalities, and citizens of the County on the protection, preservation, development, and use of the County's natural resources.

Environmental Management Councils (EMCs) were established in New York State under Article 47 of the Environmental Conservation Law passed in 1970. These boards were optional and consisted of volunteers meant to advise the county governments and connect the community and the county.

The history of the Livingston County EMC has been compiled into a report, "30-Year History: The Livingston County Environmental Management Council," which synthesizes 30 years of history and documents the important and diverse services that the Council has provided.

This Livingston County EMC Annual Report documents the activities of the EMC from January 1, 2019, through December 31, 2019, and provides a proposed program for 2020.

## 2019 Activities

### Work Plan

The Livingston County EMC Work Plan reflects the mission of the EMC, identifies the activities that support the mission, and tracks the progress of those activities. The Work Plan recognizes and emphasizes the importance of education as a primary goal of the EMC and the importance of the EMC being a resource for municipal officials, environmental and governmental agencies, and the community.

### SWOT—from a Livingston County Environmental Viewpoint

<b>Strengths</b> EMC Erosion control regs/laws Farmland and soils quality Fresh water lakes Genesee Valley Conservancy Good location relative to climate change Hardwood forests Inter-agency cooperation		Natural Resources Inventory State Lands Stormwater Toolkit SUNY Genesee Watershed Education Center	<b>Weaknesses</b> Aging infrastructure, septic systems, wastewater facilities County economy Lack of diversity of EMC membership – need business and industry view
<b>Opportunities</b> Aesthetic improvements to natural areas Continue working w/ Highway Depts, ditching, hydroseeding Education, impacts to soils Electric vehicle infrastructure Hydro-power Keep agriculture strong		New recycling possibilities New technology Use of Stormwater toolkit	<b>Threats</b> Climate Change Development pressure Economic pressure on farmers External interest in our resources Fracking in NYS Human footprint Invasive species Inactive municipal dumpsites, junkyards Lack of clean water regs Landfills in County Large-scale solar Long-term consequences of mining operations State/fed policies & regs

The EMC conducted the first annual SWOT, a study to identify the internal strengths and weaknesses, as well as, the external opportunities and threats, focusing on the Livingston County environment. The SWOT analysis will be used by the EMC in workplan development, ensuring coverage of all important topics in their efforts to protect and enhance the Livingston County environment.

## Education

The EMC Work Plan for 2019 focused on environmental education, Earth Day Award, best management practices for prime soils & soils of statewide importance; Reduce, Reuse, Recycle actions to reduce the waste footprint, and continued support of water quality initiatives.

One of the highlights of EMC activities in 2019 was sponsoring/co-sponsoring 18 educational programs that engaged municipal officials, interested agencies and community members; 15 of those programs were Watershed Education Center presentations.

### Watershed Education Center Presentation Series, 2019

**Co-sponsored by the Livingston County Environmental Management Council**

The Town of Livonia's Watershed Education Center (WEC), located at Vitale Park in the Town of Livonia, is the first of its kind in Western New York. The WEC functions as a center for citizen-science programming and invasive species monitoring and hosts a monthly speaker series on educational topics with a focus on the watershed. The educational programming is a collaborative effort involving the Town of Livonia, Conesus Lake Association, Livingston County Department of Health, Livingston County Planning Department/EMC, Cornell Cooperative Extension and the Chip Holt Nature Center.

- ◆ History of Ice Harvesting on Conesus Lake
- ◆ Spotted Lanternfly / Giant Hogweed / Mile-a-Minute
- ◆ Weather Station Data
- ◆ Stormwater Toolkit & Erosion Control
- ◆ iMap Invasives
- ◆ 4 Hour Erosion Control Workshop
- ◆ Livonia High School Student Presentations (2)
- ◆ Fisheries - DEC electro-fishing results
- ◆ Rain Gardens & Green Infrastructure
- ◆ HABs Initiative - Conesus Lake and other lakes
- ◆ Make-n-Take Rain Barrel Workshops (2)
- ◆ Plant ID & Pressing Open House
- ◆ Hogweed / Mile-a-Minute / Spotted Lanternfly Workshop
- ◆ SUNY Brockport /Geneseo Student Presentations

## Education (continued)

In addition to the Watershed Education Center programming, the EMC sponsored or co-sponsored the following educational & training workshops and tours in 2019:

- ◆ Battery Energy Storage Systems: Resources for Local Officials, Groveland, NY
- ◆ Invasive Species Awareness Week Walk & Talk, Genesee Valley Greenway, Mt Morris, NY
- ◆ Annual Letchworth State Park Tour, Civilian Conservation Corp, Parade Grounds, Castile, NY

## Membership & Meetings

The EMC has representation in three broad categories of agriculture, industry-commerce and general citizenry. The Council proudly recognizes the commitment of several long-term members: David H. Swanson (37 years), David W. Parish (37 years), Robert Donnan (33 years), Susan Walker (25 years) and William McCleary (21 years).

Please call the Planning Department at (585) 243-7550 or (585) 335-1734  
if you are interested in joining the EMC.

### Membership List 2019

	<u>Original Appointment</u>		<u>Original Appointment</u>
<b><u>AGRICULTURE</u></b>		<b><u>GENERAL CITIZENS</u></b>	
Robert Donnan (York)	3/86	Ray Case (Livonia)	2/10
David H. Swanson (Mount Morris)	2/82	Dan DeZarn (SUNY Geneseo)	5/15
Susan Walker (Springwater)	5/94	Barry Ganzhorn, Sr. (Caledonia)	9/08
2 Vacancies		Dana Henry (Ossian)	6/18
		William McCleary (Livonia), <i>Vice Chair</i>	8/98
<b><u>INDUSTRY-COMMERCE</u></b>		Darlene Necaster (SUNY Geneseo)	5/15
Paula Smith (Leicester)	3/19	David W. Parish (Geneseo)	11/82
4 Vacancies		Alex Pierce (Nunda), <i>Chair</i>	1/13
		Wendy Stevenson (Springwater)	4/08
		Carolyn Tinney, <i>Secretary</i>	7/15

The EMC meets on the fourth Wednesday of every other month. All meetings are open to the public.

## Earth Day Award

In observance of Earth Day, the Livingston County Environmental Management Council began the Earth Day Award Program that provides recognition to an individual(s), organization, group, or business for outstanding achievements in preserving or improving Livingston County's environment or educating others about the County's environment. The EMC selected Katherine J.T. Humphrey, Jerrienne K. H. Scheiderich and the late William Humphrey of the All Western Evergreen Nursery & Christmas Tree Farm as the 2019 Earth Day Award recipients.

The EMC recognized the Humphrey and Scheiderich families for more than 50 years of successful tree farming in Springwater, featuring state-of-the-art culturing, integrated pest management, and conservation land management strategies. The recipients have demonstrated lifelong involvement with their industry and its organizations, to learn from and educate others on best practices.

The EMC also noted Mrs. Humphrey's dedication to the Livingston community, as evidenced by her 20 years of service at the Livingston County Cornell Cooperative Extension, providing on-farm jobs and training for youth, and public education opportunities.

The EMC was impressed with the commitment of the Humphrey and Scheiderich families to the success of this multi-generational farm, an operation that will have a positive and lasting presence in Livingston County for years to come.

Friends and neighbors from Springwater joined in congratulating Katherine Humphrey as the Livingston County EMC 2019 Earth Day Award recipient

Livingston County EMC 2019 Earth Day Award accepted by Katherine Humphrey, All Western Christmas Tree Farm, from Livingston County Board of Supervisors Chairman David LeFeber

Livingston County EMC 2019 Earth Day Award recipient Katherine Humphrey is joined by (from the left) EMC members: Wendy Stevenson, Mary Underhill, Carolyn Tinney, (Katherine Humphrey) and Alex Pierce

## Website Content

The EMC works to enhance awareness of the EMC and promote access to local and regional environmental resources through website resources. The Livingston County EMC website was first created in March 2001 ([www.livingstoncounty.us/emc](http://www.livingstoncounty.us/emc)). The site provides a description of the EMC, a list of current members, and information on meeting dates and times. The site also has a link to EMC Annual Reports, the EMC 30-Year History Report, the Livingston County Natural Resources Inventory, the Earth Day Award Program and EMC sponsored events.

## Environmental Inventory

As per the New York State Environmental Conservation Law, Section 47-0107(5-a), one of the primary goals of the EMC is to develop and maintain an inventory of natural resources within Livingston County. A major undertaking of the EMC has been the development of the Livingston County Natural Resources Inventory (NRI). Over the course of many years, the EMC worked diligently to compile information on Livingston County's natural and historic resources, engage local governments in the identification process, and produce NRI Volume I in 2005 and Volume II in 2007. The full NRI was published and widely distributed to Towns, Villages, local libraries, and other interested parties in 2007.

The NRI is available on the Livingston County website, and it is utilized by the Livingston County Planning Board regularly. NRI comments are included in the Livingston County Planning Board staff reports, which are generated for County Planning Board zoning referrals. NRI comments provide information on the presence and location of natural and historic resources and advisory comments regarding impacts.

The EMC receives updates from the Office of Parks, Recreation and Historic Preservation whenever a site is accepted to the State and National Registers of Historic Places. Another resource is the Genesee-Finger Lakes Regional Inventory of Culturally Significant Areas. The EMC anticipates conducting periodic updates of the NRI.

In 2019, the EMC identified the need for an update of the Natural Resources Inventory. As part of the update, Livingston County Parks & Trails map was created.

A map included in the Livingston County Natural Resources Inventory (NRI)

## Regulatory Environment

The EMC assembles and reports information on the status of regulatory permitting and redevelopment programs that may have an impact on local communities. In 2019, the EMC reported regularly on NYS DEC Environmental Permits, State and Federal Proposed Regulations, and the NYS DEC Brownfield Clean-up Program, as information became available. Public meetings were attended for large-scale solar projects.

## County/Regional Projects & Communication

### **Conesus Lake Watershed Management Plan (CLWMP)**

In 1998, the EMC recognized the need for a Conesus Lake Watershed Management Plan and expressed a willingness to participate in the planning process. Increasing development pressure, degradation of the water quality in the Lake, and more stringent Federal and State standards for public drinking water supplies made it crucial that a comprehensive watershed management approach to conserving and protecting Conesus Lake be developed. Two EMC members served on the CLWMP Policy Committee, which was the official decision-making body during the creation of the Plan. EMC participation on the CLWMP Policy Committee continued through 2003.

After the Plan was completed in 2003, the Conesus Lake Watershed Council (CLWC) was created in December 2003. The CLWC is responsible for Plan implementation and support of the Conesus Lake Watershed Inspection Program. The EMC receives updates on the implementation efforts and activities and water quality issues at each bi-monthly meeting.

### **Communication with the Board of Supervisors**

A goal for 2019 was to continue a dialogue with the Livingston County Board of Supervisors through the Public Services Committee to maintain communications, foster good relations, and gain a better understanding of how the EMC can best serve the County's environmental needs. The Planning Department continued to communicate bi-monthly activities of the EMC to the Board of Supervisors and the Public Services Committee. In April 2019, EMC Chairman Alex Pierce presented to the Livingston County Public Services Committee, providing an overview of the EMC.

### **County and Regional Projects**

One of the primary goals of the EMC is to act as a resource for Livingston County. The EMC works to provide municipalities with educational and environmental resources. The EMC has identified that countywide communication is a way to meet this goal by connecting municipalities with resources that assist them in increasing energy efficiency, reducing energy costs, and accessing low or no-cost funding sources.

Throughout 2019, the EMC actively participated in several regional projects providing representation on or contributions to committees, projects or programs:

- ◆ Served on the Livingston County Transportation Advisory Committee Environmental Work Group.
- ◆ Acted as a regional source for solar and battery energy storage information, providing resources and materials, and facilitating training for Livingston County municipalities and landowners.
- ◆ In response to the County Administrator's interest in Livingston County facilities improvements and clean energy actions, the EMC investigated high impact actions and programs, such as the Clean Energy Communities Program.

## Participation in Other Activities

The EMC participates on committees and in meetings and events as needed. EMC members report back to the committee as a whole on their findings and/or their participation. In 2019, the EMC maintained ongoing communication with neighboring Monroe and Steuben County EMCs.

# Annual Livingston County Community Clean-Up Event

The EMC co-sponsored the Annual Livingston County Community Clean-Up Event in 2019. As part of this countywide initiative, citizens, groups, organizations, and municipalities rallied together to clean up roadsides, parks, and cemeteries in celebration of Earth Day. Local organizers worked with their communities to coordinate their events. The County provided online event registration and social media promotion that worked to promote the event and increase volunteer participation. New this year, the County launched a mobile friendly post-event survey with an interactive map.

In total, 28 Clean Up events in 19 municipalities took place. Over 296 bags of debris were collected by over 261 community volunteers. Over nine miles of roadside were cleaned.

Compared to the first event held in 2018, the 2019 Clean Up saw an increase in events, municipalities, volunteers, bags of debris, and miles of roads cleaned.

For details on the  
Community Clean Up, go to:  
<http://www.livingstoncounty.us/cleanuplivco>

# 2020 Proposed Program & Activities

## Work Plan

The 2020 EMC Work Plan identifies the mission of the EMC and the proposed 2020 activities that support the mission, and will be used to track the progress of those activities. The completed Work Plan will be incorporated into the EMC Annual Report. The EMC has identified the following priorities for 2020: environmental education with a focus on invasive species; Earth Day Award; best management practices for prime soils & soils of statewide importance; Reduce, Reuse, Recycle actions to reduce the waste footprint; and promotion of trees and green space.

The EMC, CLWC and WEC Outreach Committee, and involved partners have dedicated 2020 as the “Year of the Tree”, hosting a series of educational workshops, tours and presentations on tree topics, including tree basics, tree management plans, grant funding, and invasive species.

## Education

### Watershed Education Center Series

- ◆ 4-Hour Erosion Control Workshop
- ◆ Trains in Hemlock, Lakeville & Livonia
- ◆ Native American Storyteller
- ◆ Amanda’s Garden
- ◆ Tree Safety & Care for the Homeowner
- ◆ Tick Talk
- ◆ Managing Trees in Our Towns
- ◆ Lake Friendly Living
- ◆ What’s Wrong in My Backyard
- ◆ Trains, Planes & Boats, 1874 to 1970
- ◆ Citizens Statewide Lake Assessment Program
- ◆ What’s Happening in the Watershed, Project Updates
- ◆ Urban Forestry Grants
- ◆ SUNY Brockport & Geneseo Student Research

The Livingston County community has embraced the Town of Livonia’s Watershed Education Center and is eagerly anticipating another full year of programming. The WEC hosts a monthly speaker series on watershed and environmental topics in a premiere setting in Vitale Park along the shores of Conesus Lake.

### Additional programs sponsored by the EMC

- ◆ Invasive Species Awareness Week Virtual Tour
- ◆ Annual Letchworth State Park tour

For details on the Town of Livonia’s WEC Programs, go to:

[www.conesuslake.org](http://www.conesuslake.org)

Click on Lake Community  
Click on WEC

## 3rd Annual Livingston County Community Clean Up Event

The EMC will be supporting the Third Annual Livingston County Community Clean Up Event, scheduled for Earth Day weekend, April 27- 28, 2020. All community groups, local organizations, and individuals are welcome to join as we work together to clean up our communities.

Opportunities to organize an event or join one of many pre-scheduled events are available. To register a clean up event or see where you can volunteer, visit:

[www.livingstoncounty.us/cleanuplivco](http://www.livingstoncounty.us/cleanuplivco)

## Membership

The EMC will continue ongoing membership recruitment from all three broad categories of agriculture, industry-commerce, and general citizenry. For 2020, the EMC has developed a plan for recruiting new members, especially from the industry-commerce sector. Parties interested in joining the EMC can call the Planning Department at (585) 243-7550 or (585) 335-1734 for more details.

## 2020 Meeting Schedule

January 22, 2020

September 23, 2020

March 25, 2020

November 18, 2020

May 27, 2020

The EMC meets on the fourth Wednesday of every other month. All meetings are open to the public.

July 22, 2020  
(Letchworth State Park Tour)

## Earth Day Award

In support of the global observance of Earth Day and the concern for protecting and preserving the environment, the EMC will continue its award program where an individual(s), organization, group, or business is recognized for their positive contribution to the natural environment in Livingston County.

The EMC will publicize its award program through press releases, social media, contact with school officials in the County, Town Supervisors and Village Mayors, Livingston County Chamber of Commerce, SUNY Geneseo, NYSDEC, in local advertisements and through EMC members. Nominations may be presented by both the public and private sector. Nominees are not required to reside in the County, but the actions and achievements on which the nomination is based must have occurred partially or wholly in Livingston County.

Nominations may be for outstanding technical contributions to the environment or for contributions of time and energy toward a positive environmental goal or objective. Such activities may have occurred during the previous year or may be recognition of efforts over many years' time. The accomplishment must be based on work above and beyond what would be considered as regular duties.

**The annual Earth Day Award is selected at the regularly scheduled March meeting of the EMC.**

## Website Content

The EMC will continue to utilize and enhance web resources to promote the awareness of the EMC and encourage access to local and regional environmental resources. The Livingston County EMC website will be updated in 2020 to include membership information, links to the 2019 Annual Report, and the 2020 Earth Day Award Program and Nomination form. For EMC educational programs, postings of program flyers, location maps and presentation materials will be added to the EMC Events section of the website, when available.

In addition, the EMC will review existing municipal and environmental websites to explore additional educational opportunities, links, and resources that may be used to enhance Livingston County web resources.

## Environmental Inventory

The EMC will continue to act as a resource for Livingston County environmental information and data, with a goal in 2020 to continue the Livingston County Natural Resources Inventory (NRI) update.

The update will include the assessment of the existing NRI and the identification of new resources and those that need updating.

## Regulatory Environment

The EMC will continue reporting information on the status of regulatory permitting and redevelopment programs with potential local impact, including the NYS Department of Environmental Conservation Environmental Permits and Brownfield Clean Up Programs.

## County Projects & Communication

### Conesus Lake Watershed Management Plan (CLWMP)

Planning Department staff will continue to update the EMC on the progress of Conesus Lake Watershed Management Plan recommendation implementation. The Conesus Lake Watershed Council releases Conesus Lake Annual Report Cards that provide an update on the Conesus Lake Watershed Management Plan implementation activities and yearly water quality monitoring results.

### Communication with the Board of Supervisors

The EMC will continue its normal activities and assist the Board of Supervisors. The Planning Department will communicate the activities of the EMC to the Board of Supervisors Public Services Committee. The EMC will present the 2019 Annual Report to the Public Services Committee in 2020. The EMC will also invite members of the Public Services Committee, or a representative from the Committee, to attend EMC meetings in 2020.

## Participation in Other Activities

EMC members will continue to participate on committees and in meetings and events as needed, and provide reports to the EMC as a whole on their participation or findings.

**Livingston County Environmental Management Council  
2020 Work Plan**

**Mission Statement:**

The charge of the Livingston County Environmental Management Council is to work cooperatively with the Board of Supervisors, local municipalities, and citizens of the County on the protection, preservation, development, and use of the County's natural resources.

**2020 Priorities:**

- \* Best practice management of prime soils and soils of statewide importance
- \* Environmental education as it relates to invasive species
- \* Reduce, reuse, recycle initiatives to reduce waste footprint
- \* Promote trees and green space

**2020 Activities:**

#	Description	Work Tasks	Lead/ responsibility	Completion (Qtrs)	Accomplishments to Date
<b>Education</b>					
1	Provide educational programs or materials on environmental topics of concern or interest. Includes development and distribution of promotional materials, press releases, educational pieces, flyers and website information. Target audiences include municipalities, environmental or governmental agencies and community at large.	Sponsor or co-sponsor <b>educational programs and workshops</b> on environmental topics, including support of the Watershed Education Center (WEC) program & activities. Programs will be promoted to target audiences. Promote Year of the Tree activities, including educational programming, invasive species walks.	Planning Dept; Alex Pierce, Paula Smith	Q1 - Q4	
2		Provide <b>invasive species educational materials and resources</b> to municipalities and community members including Emerald Ash Borer (EAB) and Hemlock Woolly Adelgid (HWA) including grant opportunities. Promote Year of the Tree activities, including offering education and grant information to municipalities.	Planning Dept; Alex Pierce; Ray Case	Q1 - Q4	
3		Provide <b>alternative energy &amp; green infrastructure</b> materials & resources to municipalities and community members including grant opportunities.	Planning Dept; Dana Henry	Q1 - Q4	

**Livingston County Environmental Management Council  
2020 Work Plan**

#	Description	Work Tasks	Lead/ responsibility	Completion (Qtrs)	Accomplishments to Date
4		Provide educational materials & resources to municipalities & community members on <b>other environmental topics</b> , including grant opportunities.	Planning Dept; all members	Q1 - Q4	
5		Promote USACE Mt Morris Dam Discovery Series & Humphrey Nature Center at Letchworth State Park Lecture Series.	David W. Parish, Alex Pierce, all members	Q1 - Q4	
6		Annual Letchworth State Park tour, attend and promote.	Planning Dept	Q3 - July	
<b>Membership &amp; Committee Development</b>					
7	Ongoing membership recruitment and promotion of current membership.	Work on activities that recruit new members.	Planning Dept; all members	Q1 - Q4	
8		Include current membership information on EMC webpage.	Ray Case; Planning Dept	Q1	
	Conduct strategic planning to help guide the direction of the EMC and inform goal/task selection.	Conduct and/or revisit the EMC SWOT analysis at least annually.	Ray Case; Planning Dept	Q1 - Q4	
<b>Earth Day Award</b>					
9	Provide recognition to others for outstanding achievements in preserving or improving Livingston County's environment or educating others about Livingston County's environment.	Annual Earth Day Award - review materials, nominate & select recipient. Present award at Board of Supervisors meeting.	Planning Dept; All members	Q1 - Q2	
<b>Website Content</b>					
10	Continue to enhance awareness of the EMC, and promote access to local and regional environmental resources.	Update information on EMC webpage as needed.	Planning Dept	Q1 - Q4	

**Livingston County Environmental Management Council  
2020 Work Plan**

#	Description	Work Tasks	Lead/ responsibility	Completion (Qtrs)	Accomplishments to Date
<b>Environmental Inventory</b>					
11	Prepare and disseminate Livingston County environmental information, data & maps. To be used as a local planning and project review tool, for county and regional project assessment, and to increase community awareness of natural resources.	Identify resources needing updates. Distribute new resources, such as Genesee/Finger Lakes Regional Planning Council Culturally Significant Areas and Livingston County Steep Slopes.	Planning Dept	Q1 - Q4	
<b>Regulatory Environment</b>					
12	Assemble and report information on the status of regulatory permitting and redevelopment programs that may have an impact on local communities.	Report on NYSDEC Environmental Permits.	Barry Ganzhorn	Q1 - Q4	
13		Report on State and Federal Proposed Regulations.	Planning Dept	Q1 - Q4	
14		Report on U.S. Environmental Protection Agency (EPA) Brownfield Clean-up program & Office of Parks, Recreation & Historic Preservation (OPRHP) National Register listing activities.	Planning Dept	Q1 - Q4	
<b>County/Regional Projects &amp; Communication</b>					
15	EMC will continue dialogue with Board of Supervisors through the Public Services Committee to maintain communications, foster good relations and gain a better understanding of how the EMC can best serve the County's environmental needs.	The Planning Department communicates bi-monthly activities of the EMC to the Board of Supervisors & Public Services Committee. EMC Chair presents to the Public Services Committee in April.	Planning Dept; Alex Pierce	Q1 - Q4	
16		Livingston County Facilities improvements - provide input on County energy projects as needed. Investigate clean energy initiatives & provide support to the County & municipalities for clean energy & energy reduction actions.	Planning Dept; Dana Henry, SUNY	Q1 - Q4	

**Livingston County Environmental Management Council  
2020 Work Plan**

#	Description	Work Tasks	Lead/ responsibility	Completion (Qtrs)	Accomplishments to Date
17		Support the 2nd Annual Livingston County Community Clean Up event.	Planning Department; all members	Q2	
18		Prepare & approve EMC Annual Report, 2019. Distribution includes Public Services Committee & Board of Supervisors.	Planning Dept; all members	Q1 - Q2	
19		Update on the Conesus Lake Watershed Management Plan (CLWMP) and water quality issues.	Planning Dept	Q1 - Q4	
20		Participate in Livingston County Transportation Advisory Committee Environmental Work Group.	Wendy Stevenson, Alex Pierce	Q1 - Q4	
21		Provide input/receive updates on the Livingston County Water Supply Update Project.	Planning Dept	Q1 - Q4	
<b>Participation in Other Activities</b>					
22	Participation in local & regional committees, meetings and events, as needed. EMC members will report back to the EMC on their findings/ participation.	Participation in public hearings and other meetings regarding regional projects as needed.	All members	Q1 - Q4	
23		Participation in Monroe County EMC meetings and programs, as interested. Report back to the EMC on their findings/ participation.	All members	Q1 - Q4
