

# Hospice Helps YOU

## Live Well at the End of Life

Whether you're young or old,  
there are always things you want to do before you move on,  
let Livingston County Hospice help you!

Hospice isn't about coming home to die,  
it's about coming home to live!

Hospice offers the opportunity to remain at home, cared for by family and friends,  
while receiving supportive services focused on comfort and quality of life.

### How Hospice Helped Me Live

Hospice cared for a young man who was diagnosed with Lung Cancer. Hospice was able to help him control his pain and nausea to the point that life could be enjoyed and goals reached. He shared his wishes with his wife who was able to arrange the opportunities for him to fulfill his last wishes. One hobby he had was classic cars, and his wife was able to arrange for him to ride down the speedway in Leicester in a 1970 Dodge Dart! He also loved Irish Wolf Hounds and his wife was able to find individuals who brought their dogs to visit with him, which gave him great enjoyment. He was able to live life to the fullest due to his wonderful wife and Livingston County Hospice's involvement in managing his symptoms.

Let Hospice help you and your family...ask your doctor if Hospice care is right for you.
